- Coast Guard approved 'SOS' Morse Code.
- Using a High Capacity Lithium Ion Battery and a built-in IC chip to control the LED pattern with memory recall.
- Magnetic Back as to be mounted to vehicle, traffic sign, barrier or any metal surface for optimum visibility.
- Positive Buoyancy (Floats).
- Waterproof Design – IP Rated, marine approved.

\*visibility distance may vary due to weather conditions i.e. rain, fog, mist, dust storm, & glare.

## Technical Specifications

Item	Details
Size	4.25" (11cm)W x 1.25" (3.5cm) H
Weight	200G with Battery
Battery	Lithium Ion
Shelf Life	800 times Battery Charging
Buoyancy	Positive
External Power	Rechargeable Battery
Temperature	-40°C to 110°C
Flash Pattern	PF-200 360 degree LED Array

## Flash Pattern & Battery Life\*

Pattern	Function	Hours
1	Rotate	10 hrs
2	Quad Flash	30 hrs
3	Single Flash	100 hrs
4	Alternate	10 hrs
5	SOS Morse Code	24 hrs
6	Solid on High	8 hrs
7	Solid on Low	60 hrs
8	2 LED flash Light	15 hrs
9	4 LED flash Light	8 hrs

\*Battery life may vary due to temperature and atmosphere.
